I normally do not wear t-shirts that have any sort of large design or branding on it, but StinkyKids™ Brand Tees are comfortable and cute.

Working for a top selling t-shirt line does not make me an expert on the matter, but I do know a great shirt and an even better idea when I see it, and StinkyKids™ has both elements.

Britt Menzies is an incredibly talented artist who has found a way to combine the comfort of your favorite tee shirt, with the style of a great tee that you would think you could only buy at specialty retail shops.

I wore my tee to work one day and received more compliments on it than on any other item in my wardrobe.

I love my StinkyKid Max Women's Long Sleeve Tee!
